Do you have problems with Akelius? You are not the only one. Known issues are:  
Ridiculously high rents up to 40 € / m<sup>2</sup>, high housing vacancy rate, permanent and partly illegal construction work, contract terminations for most tenuous or even construed reasons delaying of our concerns, wrong auxiliary cost bills, circumventing the municipalities' right of first refusal...

**But we will not meekly accept this.  
We will organize, share information and support each other.**

For information and discussion there is our web forum, partly in English:  
**[akelius-vernetzung.de](http://akelius-vernetzung.de)**

We do not belong to any club, party or company. We are tenants like you – in buildings bought by Akelius. We are committed to the struggle against real estate speculators and to a life in solidarity, in a city that belongs to everybody.

**Akelius has hundreds of buildings in Berlin. But we are tens of thousands of tenants!**
